

Patient Quick Start Guide for Aimovig® (erenumab-aooe)

Follow these tips to help you start and stay on track with treatment.

1

Enrolling in copay support

- Commercially insured patients may **pay as little as \$5 per month**.^{*} To enroll in the Aimovig® Copay Card program, visit aimovig.com/activate

*Eligibility criteria and program maximums apply. Terms and conditions apply. Please see full Terms and Conditions at aimovigcopaycard.com/tcs.

Medicare, Medicaid, or no insurance? Call 833-AIMOVIG (833-246-6844) for potential financial support options

2

Starting on Aimovig®

- Pick up Aimovig® from your local pharmacy or have it delivered to your home. If eligible, ensure your pharmacist has your copay card details
- For supplemental injection support, watch a video on how to self-inject Aimovig®. Always refer to the Instructions for Use
- Choose a day to take Aimovig® each month
- You can request a free sharps disposal container to properly dispose of used autoinjectors by calling 833-AIMOVIG (833-246-6844)

3

Staying on track

- Sign up for AimAlly™ Support programs for resources to help throughout your treatment experience:

90-Day Start Program

Receive personalized email support specifically designed for your first 3 months of treatment

Migraine Tracker

Track monthly migraine days with a simple daily text and get personal monthly trend reports

Refill Reminders

Receive a text message to remind you when it's time to pick up or refill your Aimovig® prescription

Get started by scanning the QR code or visiting aimovig.com/support

The American Headache Society recommends waiting **at least 3 months** before assessing the benefits of anti-CGRP pathway preventive treatments like Aimovig®.¹

CGRP=calcitonin gene-related peptide.

APPROVED USE

Aimovig® (erenumab-aooe) is a prescription medicine used for the preventive treatment of migraine in adults.

IMPORTANT SAFETY INFORMATION

Who should not use Aimovig®?

Do not use Aimovig® if you are allergic to erenumab-aooe or any ingredients in Aimovig®.

Please see additional Important Safety Information on the next page.

"I don't think you can go into it looking for a quick fix. But by the third month on Aimovig®, I noticed a difference. By the fourth month, I definitely had fewer migraine days."

—Pooja G., AIM Network Member
Pooja has been on treatment since June 2018. Individual results may vary.

IMPORTANT SAFETY INFORMATION (cont'd)

Before starting Aimovig®, tell your healthcare provider (HCP) about all your medical conditions, including if you are pregnant or plan to become pregnant, breastfeeding or plan to breastfeed.

Tell your HCP about all the medicines you take, including any prescription and over-the-counter medicines, vitamins, or herbal supplements.

What are possible side effects of Aimovig®?

Aimovig® may cause serious side effects, including:

- **Allergic reactions.** Allergic reactions, including rash or swelling can happen after receiving Aimovig®. This can happen within hours to days after using Aimovig®. Call your HCP or get emergency medical help right away if you have any of the following symptoms of an allergic reaction: swelling of the face, mouth, tongue or throat, or trouble breathing.
- **Constipation with serious complications.** Severe constipation can happen after receiving Aimovig®. In some cases people have been hospitalized or needed surgery. Contact your HCP if you have severe constipation or constipation associated with symptoms such as severe or constant belly pain, vomiting, swelling of belly or bloating.
- **High blood pressure.** High blood pressure or worsening of high blood pressure can happen after receiving Aimovig®. Contact your healthcare provider if you have an increase in blood pressure.

The most common side effects of Aimovig® are pain, redness, or swelling at the injection site and constipation.

These are not all of the possible side effects of Aimovig®. Call your HCP for medical advice about side effects.

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit www.fda.gov/medwatch, or call 1-800-FDA-1088.
